Medals for the Swedish Soldiers

The Force Commander

General Quinn out on the

OP-line where he distributed some of the medals.

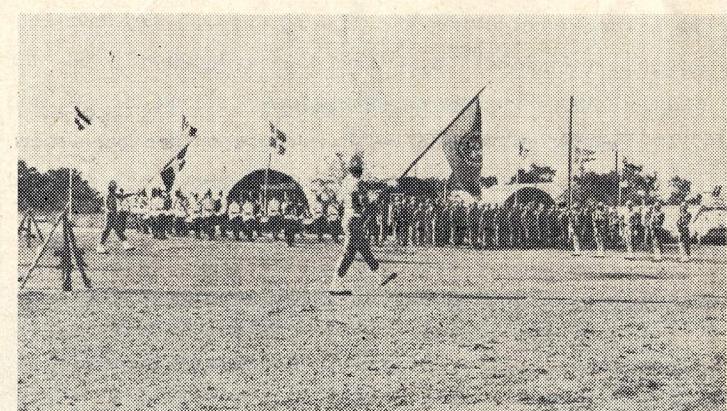

The presentation of UN medals to the soldiers of the Swedish Contingent, who have completed three months in the Force "In the Service of Peace", was marked by a parade at Carl Gustav Camp two weeks ago. The Force Commander, General Quinn, presented the medals to the soldiers on duty in the OPs first, and then to those on parade in the Camp.

In his speech, the Force Commander paid special tribute to the soldiers manning the OPs,

who he said are the "eyes and ears of the Force".

The parade was watched by many friends of the Swedish Contingent among whom was the Secretary General's Special Representative in Cyprus Ambassador Perez de Cuellar.

The music for the stylish parade was provided by the Pipes and Drums of the 1st Battalion The Royal Irish Rangers by kind permission of the Commanding Officer.

After the parade the guests were served dinner at the Officers mess.

TRAINING FOR THE RANGERS

The 1st Battalion The Royal Irish Rangers have now passed the half-way point in their tour. During this time they have continued to maintain their operational training standards. This, the battalion does through competitions in and around the OPs and on the ranges at Dhekelia, as the pictures on this page show. One of the competitions in the Buffer Zone (above) was designed to test the fitness of the men in the observation posts.

Helicopter training is a regular feature of the Rangers' training, and included training in the art of abseiling down a rope from varying heights.

Helicopter Training on the Salt Lake

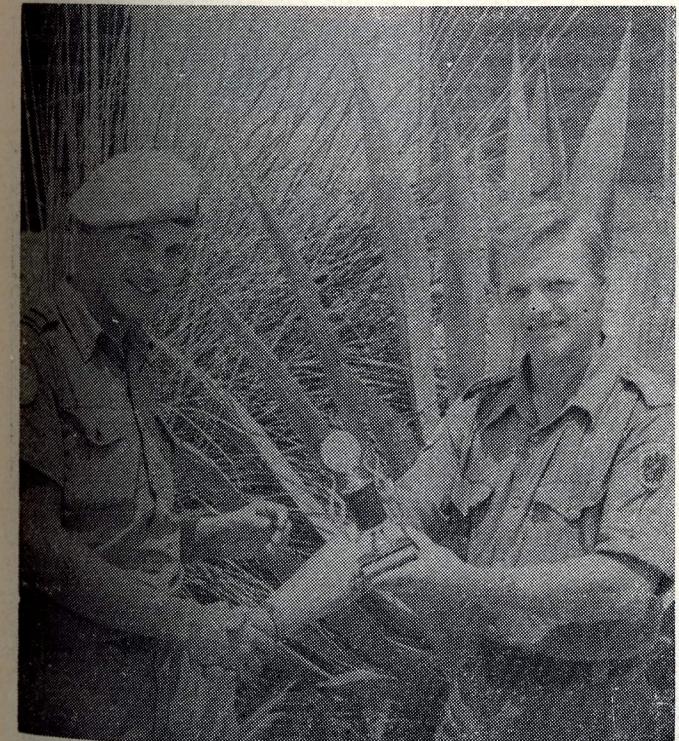

Während der ersten Wochen seines Cypern-Einsatzes hat jeder Soldat des AUSCON am Hubschraubertraining teilzunehmen. Für viele von ihnen ist dies sogar die erste Gelegenheit, in einem Hubschrauber mitfliegen zu können. Daß allerdings einige dieser Flugapparate mit eher argwöhnischen Gefühlen betrachtet und kein rechtes Zu-

trauen fassen können, beweist das nebenstehende Foto.

During the first few weeks of his tour in Cyprus every soldier in the Austrian Contingent takes part in helicopter training. For many of them this is the first opportunity they have had to train with helicopters, and accordingly is both interesting and popular.

BACKGAMMON CHAMPION

In der Zeit vom 03.07 — 16.08.77 wurde die Battalionsmeisterschaft im Backgammon abgehalten.

Nach spannenden Kämpfen gelang es Kpl. MICHL MAYER, als Sieger aus diesem Turnier hervorzugehen.

Wir gratulieren!

UNE MASCOTTE!

CANCON NEWS

les dernières quelques semaines ont été agréablement tranquilles, et nous avons eu quelques parades de médaille pour la médaille de Chypre pour ceux qui, pour une raison ou une autre, n'ont pu être sur notre grosse parade du 15 juillet.

Nous avons maintenant commencé notre transition aux méthodes de nos nouveaux amis du AUSTCIVPOL, et pour nous aider à nous adapter, avons eu plusieurs soirées agréables.

Le 10 août a vu une compétition de TAVLA entre certains membres du CONCAN et le KTKA. Même si nous avons perdu 45-21, l'expérience internationale que nous avons pris ce soir est énorme. Est-ce que quelqu'un veut jouer?

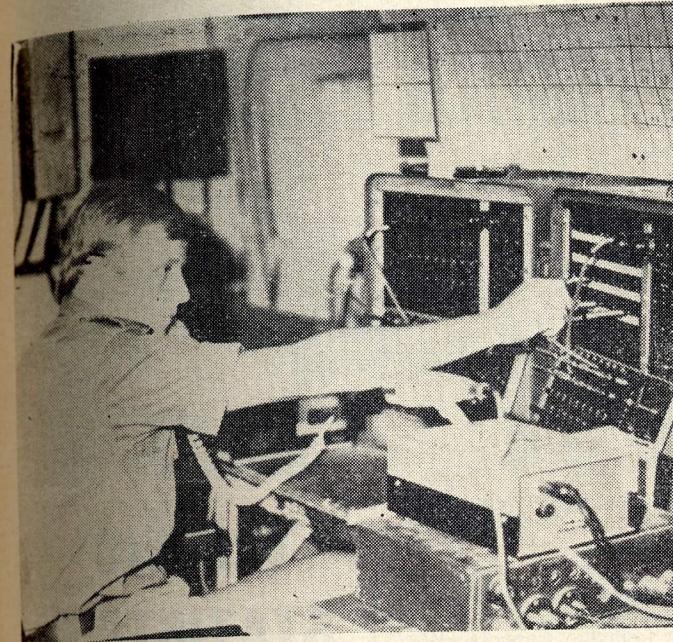

The last few weeks have been rather quiet at CANCON, and we have had a few Medals Parades for those who missed our parade on the 15th of July.

We have now started getting used to our new Australian friends in AUSTCIVPOL, and have held a few parties to help us in our transition.

On 10 Aug, members of CONCAN went to visit the KTKA for a TAVLA competition, where we were beaten 45-21. But as they say in all competition, the international competition gave us much good experience. Any comers?

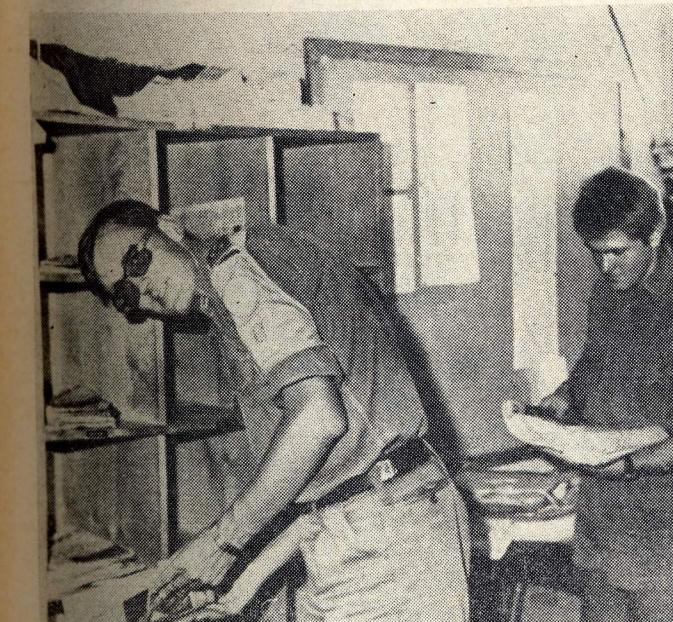

MIEHIÄ TYÖNSÄ ÄÄRESSÄ

VIESTI KULKEE . . .

Elämä suomalaisleireissä käsittää monenlaisia väittämättömiä toimintoja, jotka huomataan erityisesti vasta silloin, jos ne eivät toimi. Tällä kerralla esittelemme puhelinkeskusen, asevaraston, postin ja keittiön toimintaa. Puhelinkeskusta on hoitamassa kers Jorma Tervalammi. Asevarastossa pitää kers Markku Mattila asiat kunnossa. Postimestari, sotilasvirkailija Turkka Palme lajittelemassa postia ja keittäjä alik Juhani Harmaa päivittäisessä töissään. Kukin heistä mies paikallaan kuten kaikki muutkin FINCONilaiset.

ENGLISH SUMMARY

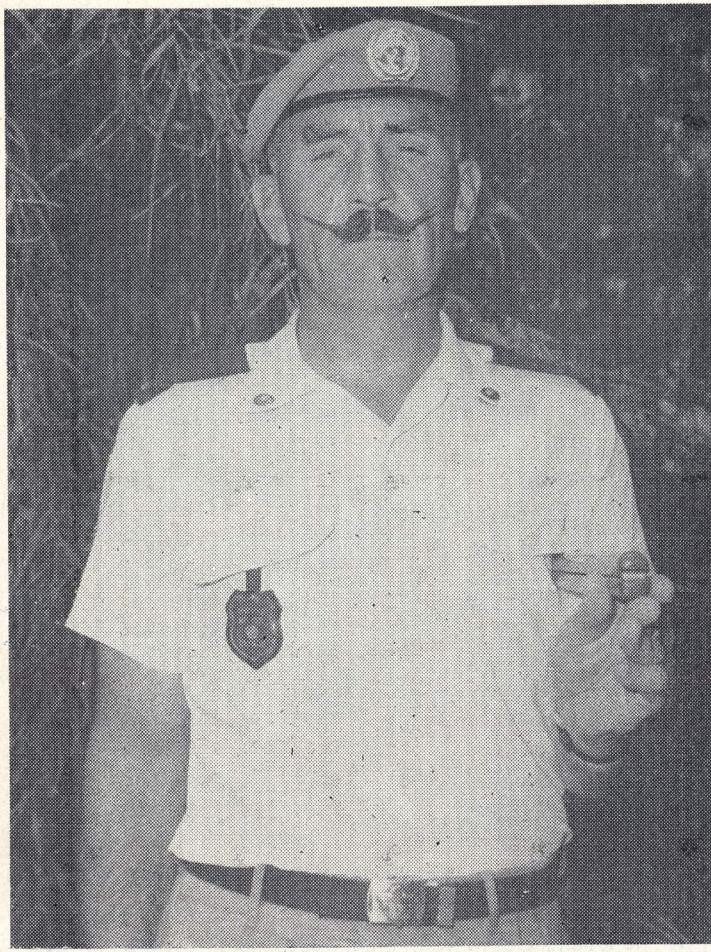

Life at Fincon runs smoothly partly due to a variety of tasks which we, unfortunately, often take for granted until some lapse in their functioning draws our attention to them. We would like to give respect where respect is due — to the men performing these tasks of telephone operator, armoury storeman, postman and cook.
