Ved DANCON-Marchen 2x25 km i bjergrigt terrain den 9/10 OKT, deltog 121 fra DANCON. Fra andre kontingenter deltog 105. Det er ikke distancen der tæller, men også de kraftige stigninger i terrænet. Marchen gennemføres for det resterende DANCON personel den 23/24 OKT.

On 9th and 10th October 226 officers and soldiers took part in the 1976 autumn DANCON MARCH. 121 of the entrants came from the Danish Contingent while the other 105 came from all the other Contingents. Everyone in the same picture

Nearly all the commanders of the different sectors have visited the Swedish Contingent at one time or another, but last week they were all there at the same time as the picture proves. From the left they are: Lt Col Jones, Lt Col Stang, Lt Col Brierly, the host Lt Col Stromberg, Lt Col Ellis, Lt Col Lopmeri, Lt Col Gollner and Major Knox.

SWEDCON NEWS

An important role in the Swedish Battalion of UNFICYP is that of mess orderly. Recently all the mess orderlies of Battalion were pictured together. They are from the left: Leif Persson, Kjell Norman, Ove Eriksson, Per Lindstrom, Peter Lindgren, Tomas Stromberg and Tommy Klang all of whom work in the various messes in Carl Gustaf Camp, and are seen below left.

Another unsung but essential group of Swedish soldiers are the ones below who work in the canteen and the PX. They too were pictured recently and are from the left, Roger Bergman, Lars Hansson, Stefan Linder, Stefan Holm and Lars Ljunggren.

RCT NCO EARNS £100 FOR SSAFA

As part of his training for the DANCON MARCH, 24 year old Lance Corporal Peter Warencya of the Force Transport Squadron decided to complete a sponsored walk, and to give whatever money he earned to SSAFA. The route he chose was from Camp UNFICYP to Evrykhou and back, a distance of 60 miles. He began his walk at 2200 hours in the knowledge that if he did it he would earn over £100 for the Sailors, Soldiers and Airmen's Association. Fourteen hours and 22 minutes later he was welcomed back by Brigadier Tillotson, the Commander the British Contingent with the news he had raised £140.93 for the British Servicemen's Association.

1 PARA TAKE OVER FROM 1 RGJ

Lt. Col. G.J. Brierley MBE the CO of 1st Battalion Parachute Regiment.

Last week the 1st Battalion The Royal Green Jackets handed over to 1st Battalion The Parachute Regiment. The Green Jackets have now returned to their base in Dover for some well earned leave, while the Parachute Battalion has come to Cyprus from Aldershot where they had just settled in after completing a two year tour in West Berlin.

Both Battalions have been involved during the last four months with making films for BBC television. The Green Jackets were involved in making the documentary "The Regiment" which is due to be broadcast in December; while the Parachute Battalion was involved in the parachuting scenes in the filming of "A Bridge Too Far".

Quite a number of officers and senior NCOs in the Parachute Regiment have, like the Commanding Officer, Lieutenant Colonel GJ Brierley MBE served in Cyprus and UNFICYP before. The Battalion was in Cyprus in 1964, when UNFICYP was formed, and changed berets to UN blue then for the first time.

After over a year in UNFICYP as Commander of the Workshops, Major R.H. Tany has left Cyprus and handed over to Major J. Fines. As always there was a mechanical problem to be solved during the handover.

AUTUMN ROTATION BEGINS IN AUSCON

Am 12. Oktober 76 erfüllte sich für viele unserer Kameraden der langgeheute Wunsch, die Heimat wieder zu sehen und in ihr gewohntes Leben zurückzukehren. Der Force Commander Lt Gen Prem Chand dankte am 11. Oktober 76 in seiner Farewell-Ansprache den Rotanten für ihre Leistungen im Dienste des Friedens. Auch wir wünschen den Heimkehrern-

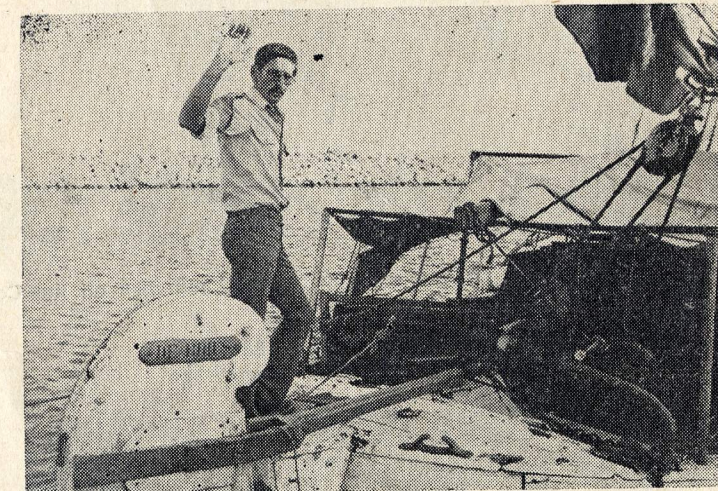

den alles Gute und heißen die Newcomer auf der Insel willkommen.

Before the recent rotation of soldiers of the Austrian Contingent on 12th October the Force Commander spoke to those going home and thanked them for their tour in the Service of Peace with UNFICYP.

"FLUGZEUGABSTURZ" AM SALZSEE

PHOTOGRAPHER AHoy!

Der Bataillonsfotograf der letzten 6 Monate, Zgf SCHONER, fuhr mit der Rotation nach Hause. Wie er uns aber versicherte, wird er jedoch schon bald wieder in Zypern sein, als Zivilist und ganz seinen Neigungen entsprechend, um von hier aus, auf einer englischen "60 t Alt-Yacht" die große Fahrt in den Süden zu wagen.

Pte Schoner, the ANSCON photographer for the past 6 months, was snapped himself recently while on a 80 year old boat that he plans to sail south when he has left the Army.

Minuten vor dieser Aufnahme war das, was Gfr ZEILER hier als traurigen Rest in der Hand hält, noch ein gut funktionierendes, ferngesteuertes Modellflugzeug. Er hatte in vielen Arbeitsstunden und mit beachtlichem finanziellen Aufwand dieses nette Spielzeug geschaffen. Ausgerechnet in dem Moment, als das Modell der "Offentlichkeit" vorgestellt werden sollte, erfolgte der Absturz. Ein Schicksal, das schon renommierten Flugzeugkonstrukteuren passiert sein soll.

After many hours of hard work on his model aeroplane, Cpl Zeller met with disaster when it crashed into the Salt Lake on its maiden flight.

LESSON OF THE WEEK

Learn from your near misses

With the start of the bad weather season the number of accidents on the roads will increase unless all drivers take extra care. An analysis of the accident rate at this time of the year for the past three years, shows that rain and the resulting slippery roads cause a great increase in road accidents. All drivers should as a result take extra care this year to avoid being involved in an accident, either as a result of their own action, or through failing to take sufficient account of the mistakes others might make.
