## MR LIU VISITS UNFICYP

Last week Mr F.T. Liu, the Director of Special Political Affairs at UN HQ New York visited UNFICYP to get some up-to-date information on the functioning of the Force. While he was here he received a detailed briefing in the Headquarters and paid a flying visit to each of the sectors.

Mr Liu was pictured above with Mr G.A. Dunn, Major General J.J. Quinn, Brigadier H. M. Tillotson CBE and Assistant Commissioner J. Hamilton OBE QPM at the start of the briefing in the Headquarters, and below as he left to visit Sector Four with Brigadier Tillotson and Mr Dunn.

## NEW REGIMENT FORMED IN BRITCON

On 14th January a new regiment was formed in the British Contingent of UNFICYP when the UNFICYP Support Regiment was formed to replace Camp Headquarters and to administer the British minor units that support the Sectors.

Major M.K.D. Gunton Royal Anglian, the former Camp Commandant, now becomes the second-in-command of this new regiment. He was seen shortly after the regiment's formation outside its Headquarters in Camp UNFICYP.

The existence of this new regiment will not cause any change in the operational role or tasking of any of the small units, neither is any of them expected to move from their existing locations.

(Further details on page four).

Kun sjældent lykkes det at samle det danske MP-hold. Men her er det lykkedes — alle 13 mand incl. KN E.B. Larsen. De udgør en velset del af det, mange kalder UNFICYP's eneste virkelige internationale militære enhed UN MPCOY. I denne enhed er der repræsentanter for alle de lande, der har soldater under blaa

beret paa Cypern. Vi kan møde vore landsmaend ikke elene paa patulje i by og paa land, men ogsaa som ved "Foxtrot" i Nicosia.

## DANCON NEWS

Lørdag den 15 blev en ny løbsbane indviet i Viking Camp. I den anledning var hele STKMP samlet, klædt om i træningstøj og løbesko, for at overvære indvielsen og det efterfølgende æresløb, hvor CH/DANCON løb i spidsen. På billedet ses CH/DANCON OL P.B. Krogen åbne banen.

On January 15th a new running course was opened in Viking Camp by the Commanding Officer Colonel P.B. Krogen.

DANCON har fået ny O-Officer. MAJ K. Rasmussen er blevet afløst af MAJ J. Christensen. På billedet ses O-Officererne ude på sporet.

## Sport swedish style matches and exercise

Physical Training should always play an important part in in a battalion's life, and in the Swedish Battalion there are plenty of keen sportsmen. Some take part in competitions such as football, squash, badminton and so on, but the majority are content to train independently on the cross-country track around the camp, or in the weight-lifting rooms. The Sports Officer has started a training session for those who wish to loss surplus kilos and go back to Sweden in a better physical shape. This programme lasts half an hour, and he guarantees that everyone who trains three times a week will become a lot slimmer. As can be seen in the pictures, the participants take the training seriously.

The Swedish Contingent's soccer team is fit and trains very hard, and stands a good chance of winning their group of the UNFICYP soccer competition. The match against AUSCON ended in a draw, while BRITCON were soundly defeated by 4 goals to one. In the pictures you can see the BRITCON goal-keeper in difficulties.

## FORMATION OF UNFICYP SUPPORT REGIMENT

On the 14th January Lieutenant Colonel D L Seddon RCT became the first Commanding Officer of the UNFICYP Support Regiment, the newest addition to the list of regiments in the British Army.

This regiment is the second support unit in the Army, the other being the United Kingdom Support Unit at SHAPE in Belgium. It will also join two other operational administrative regiments in the Army's order of battle — the Airborne and the Commando Logistic Regiments.

Like its name-sake in Belgium the UNFICYP Support Regiment has been formed to improve the administration and efficiency of the small British units based in Nicosia to support the United Nations Force. These include the Engineer Detachment, 644 Signal Troop, the Army Air Corps Flight, the Transport Squadron the Medical Centre, the Ordnance Detachment and the Workshops.

The biggest change caused by the formation of this regiment is that 644 Signal Troop becomes a squadron. Major D F B Anthonisz, the Force Signals Officer assumes the additional job of squadron commander, and the former Troop Commander Captain K G Danby becomes the squadron second in command.

The formation of this new Regiment will not cause any change in the operational role of any of the small units, neither is any of them expected to move from their existing locations.

## RELAY STATION SNOWED IN

Now that the snow has finally arrived on Mount Olympus the relay station maintained by 644 Signal Squadron up there is well and truly snowed in. The shoe tree (seen left) has so much snow on it that the shoes left by previous operators can barely be seen. This doesn't seem to affect Signalman Steve James pictured on the right who is enjoying his first overseas posting in the tourists paradise.

## ALARMÜBUNG BEIM AUSCON

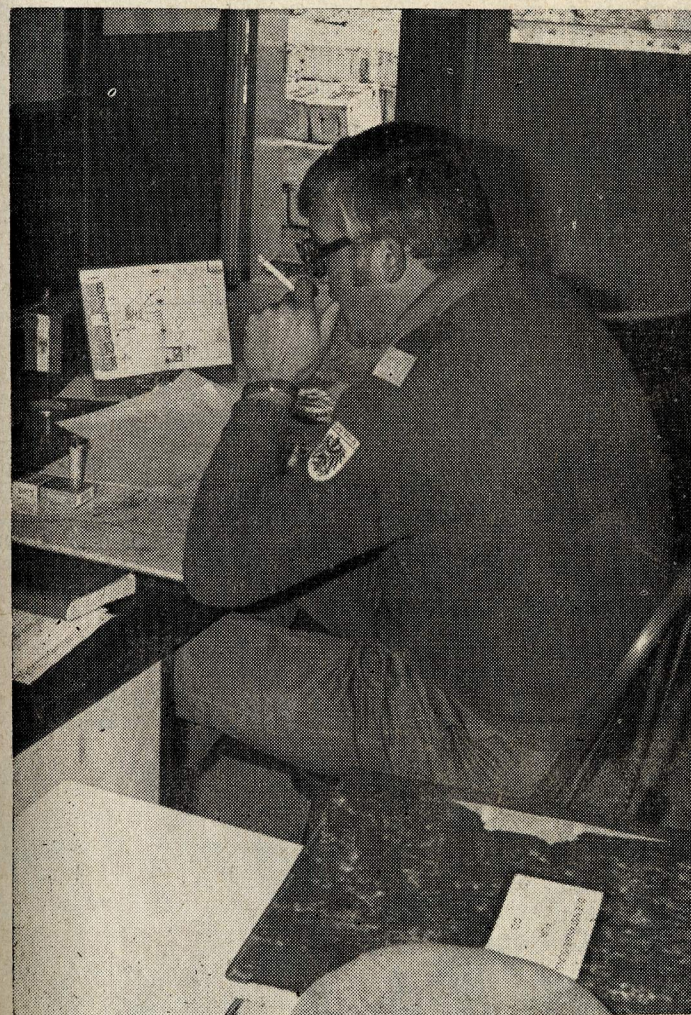

Am 11. Jänner 1977 fand eine Alarmübung im Bataillonsrahmen statt. Unter der Annahme von möglichen Spannungen in der Pufferzone wurde eine Lage ausgearbeitet, die den Einsatz jedes einzelnen Soldaten des AUSCON erforderte. Die Einsatzbereitschaft wurde einer sinnvollen Prüfung unterzogen und zurückblickend können wir feststellen, daß alle mit Schwung und Elan bei der Sache waren.

AUSCON recently held a practice alarm throughout the whole of Sector 5, everybody was involved and everybody acted with elan and enthusiasm.

## WIEDER "4 IM JEEP"

## WUSSTEN SIE SCHON ?

After a successful tour, our OPS-A, Capt Bauer, leaves the island for take-over as 2iC of a AAG-unit in Austria again.

Der "Einsame Wolf" (wie er sich selbst gerne bezeichnet) zieht sich in seine heimatlichen Wälder zurück. Gemeint ist unser OPS/A, Hptm BAUER, der für ein Jahr als "Chefchirurg" erfolgreich in der Ops Branch operierte. Viele seiner "Patienten" werden ihn vermissen, auch jene, die auf andere Heilmethoden schwören, werden ihn nicht vergessen. Wir wünschen ihm viel Glück auch für die Zukunft!

Fast eine Neuauflage der allen älteren Wienern aus der Nachkriegszeit bekannten alierten Patrouillen ist seit 1. September 76 in Larnaca zu sehen. Es handelt sich um das UNFICYP MP-Detachment Larnaca, bestehend aus je einem Finnen, Schweden, Engländer und einem Österreicher als Kommandanten. Vzlt KREUZWIRTH und seine Mannen haben sowohl im Außen — als auch im Innendienst Einiges zu tun, da ihr Aufgabenbereich vom Larnaca Distrikt bis südlich von Famagusta reicht.

MP-Detachment Larnaca in action, we hope the work-ticket was all right.

## FUSSBALLMEISTERSCHAFT

Wieder Tor für AUSCON! 20 mal mußte der gegnerische Tormann den Ball aus dem Netz holen, der eigene in 4 Spielen nur ein einziges Mal. Mit diesem imponierenden Torverhältnis und 7 Punkten wird unser Team voraussichtlich als Tabellenführer in die Rückrunde gehen. Wir bedanken uns bei allen eingesetzten Spielern für den schier unübertroffenen Einsatz und wünschen für die Rückrunde einen ähnlichen Erfolg, der allerdings kaum zu erreichen sein wird, da das erfolgreiche Team durch die Rotation leider auseinandergerissen wird. Unser besonderer Dank gilt auch den zahlreichen Zuschauern, die zeitweise für echte Länderkampfstimmung sorgten.

Goal again! After four rounds in the UNFICYP competition AUSCON's soccer team is still very successful.

## CANCON E W S

During the past few week CANCON has been settling back into the work routine after the Holiday period. Farewell was said to the cast of the Rothman's Show, but not before Miss Canada visited soldiers on duty in different parts of the Sector. She especially enjoyed meeting soldiers from her home province of Saskatchewan. The cast returned to Germany and Canada by Canadian Forces aircraft, the same craft used to transport personnel to and from Germany on leave.

Also in this month several members were rotated back to Canada. These personnel were presented with their UN Medals and received farewells from both the Commander and Deputy Commander of the Canadian Contingent before they left Cyprus.

Cancon's major unit, 3 RCR, was visited by a Recce party of the Deuxième Régiment Blindé du Canada (12 RBC), due to replace them here in April. Led by their Commanding Officer, Lt Col Geddry, the Recce party consisted of key appointments in the unit. After familiarizing themselves with their area, they returned to Canada on 19 January.

On 21st January 1977 the Force Commander, Major General J.J. Quinn was the inspecting officer at the Canadian's Medal Parade. On this parade he presented medals to the officers and men of the 3rd Battalion The Royal Canadian Regiment.

The first medal General Quinn presented as Force Commander went Lieutenant R.G. Slms.

## MIEHIÄ TYÖNSÄ ÄÄRESSÄ

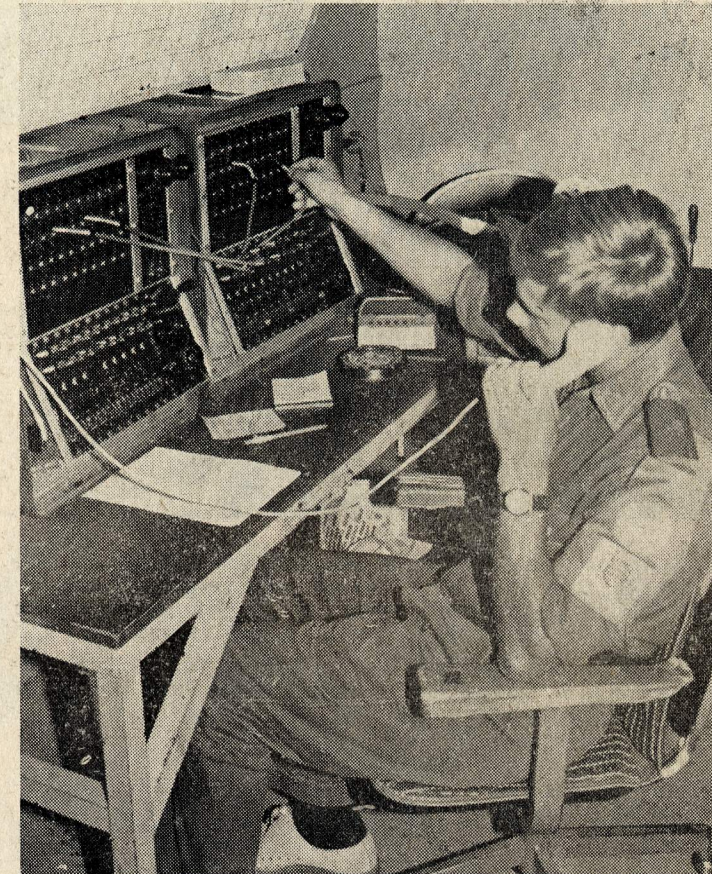

Hammaslääkäri on jokaiselle meistä tärkeä mies aika ajoin — useimmat tietysti toivovat että mahdollisimman harvoin. Finconin hammaslääkäri maj J. Pekkala on kuitenkin täystyöllistetty: potilaita on yli 300 kuukaudessa. Suomalaisien ohella käyvät vastaanotolla ruotsalaiset ja välillä muutama itävaltalainen ja enkkukin.

YK:n Kyproksella olevien joukkojen komentajat pitivät palaverin Finconissa perjantaina 14.01. Yhteisten ongelmien ohella oli sektorien komentajilla tilaisuus tutustua Force Reserven Ferret-panssariautoihin. Näitä ajoneuvoja käytetään partio — ja tiedustelutehtävissä. Kuvassa Ferretit Kykon platalla, torniin on kiivennyt Danconin komentaja evl P. Krogen ja vieressä opastaa Finconin komentaja ev O. Lomperi. Toisen vaunun sivulla Force Reserven päällikkö maj J. Knox, seur, vaunuissa 2. sektorin evl J. Brierly, nelosen evl W. Fritz ja kuutdsen evl A. Bäärnhielm.

## ENGLISH SUMMARY

Above two pictures of the everyday life in Fincon. On the left, the dentist Major J. Pekkala is seen at work on the teeth of Cpl V. Pirinen, while on the right, the switchboard operator Cpl Kankaanpää is seen on duty operating the Swedish-made 40-line switchboards.

The Sector Commanders held their monthly meeting in Fincon on 14th January. During a gap in their discussions they were given an opportunity to make a closer acquaintance with the armoured cars of Force Reserve. In the picture on the right, the Commander of Dancon, Lt Col P.B. Krogen is seen in the turret of a ferret scout car, while Col O. Lomperi is standing beside him. Watching from behind is the Commander of Force Reserve, Maj J. Knox.

Puhelinkeskus on monessa mielessä pataljoonan hermokeskus. Kahta 40 linjan ruotsalaista kenttäkeskusta on hoitelemassa 6 miestä, yksi kerrallaan kuuden tunnin pykälissä. Finconin keskus sijaitsee Kykko campissä. Kuvassa keskusta hoitelee alik Kankaanpää.

## KOMENTAJAT KOKOONTUIVAT

## UNCIVPOL NEWS

Recently the Police Advisor Assistant Commissioner J Hamilton OBE QPM visited Sector Six and toured a part of the Buffer Zone with a patrol from the Force Reserve. He chose one of the wettest days, and so saw the patrol track at its worst.

He is seen above with Major J S Knox the squadron commander of B Squadron 15th/19th The Kings Royal Hussars at the Salamis Carton Factory just before setting off.

## SKI TRAINING STARTS

Now that there is enough snow on Mount Olympus the Ski courses have started for beginners, while the more expert performers have begun to train for the Force Skiing Competition which will take place in February.

The Austrian contingent have

kindly sent WO1 Erwin Stvarnik and Lance Corporal Rudolf Hasenauer to teach the British contingent how to stay upright on skis. WO1 Stvarnik is seen above showing his class how to turn, while on the right one of his students seems to be enjoying a new skill.
